2022 PLAYER RECOGNITION REPORT

The 2022 Player Recognition program started on March 1 and ended September 30, 2022. The Player Recognition winners are calculated from the **PINK CARDS** that are filled out when a round is played at Riverbend with a RLGA Member. I am happy to share the results and winners of the various competitions.

70 members competed in the events by filling out a **PINK CARD**. Recognition pins are being distributed to those who requested them. If you did not request a pin but would like one, let us know and we will be sure to get it to you.

Payouts go to the top three winners in each category for the most Birdies, Most Chip-Ins, Most Eagles, Most Rounds Played, and Low Net Average. The payouts are added to each member's personal Riverbend account. A payout also goes to the Most Improved Player, based on WA Golf's calculations.
